

CHILAKALAPUDI VARSHIK RAM

Visakhapatnam, India • 7396919779 • varshikram1890@gmail.com

PROFILE SUMMARY

Electronics and Communication Engineering undergraduate with hands-on experience in embedded systems, IoT, full-stack web development, and data analytics. Backed by two internships and multiple industry certifications, eager to contribute to innovative, fast-paced engineering teams.

EDUCATION

Bachelor of Technology — Electronics & Communication Engineering — Dadi Institute of Engineering and Technology, Visakhapatnam

2024 – 2027 (Undergraduate) • CGPA: 8.16

Diploma — Electronics and Communication Engineering — Rajiv Gandhi RECS

2021 – 2024 • 78.62%

INTERNSHIP EXPERIENCE

Embedded Systems & IoT Intern | CEMS | July 2023 – Dec 2023

- Worked hands-on with Arduino UNO, sensor interfacing, and hardware debugging.
- Developed practical skills in circuit integration and real-time embedded systems.

Process Mining Virtual Intern | AICTE | Oct 2024 – Dec 2024

- Analyzed business processes using process mining techniques to identify inefficiencies.
- Proposed data-driven improvements that enhanced workflow efficiency.

Embedded System Developer | EduSkills / Microchip (Cohort 11) | 2024 – 2025

- Completed virtual training on microcontroller-based embedded system design and development.

Android Developer Virtual Intern | EduSkills / Google (Cohort 12) | 2024 – 2025

- Built foundational Android app development skills using Google's developer tools and frameworks.

Python Full Stack Developer | EduSkills (Cohort 13) | 2024 – 2025

- Developed full-stack web applications using Python backend and modern frontend technologies.

Java Full Stack Developer | EduSkills (Cohort 14) | 2024 – 2025

- Gained hands-on experience in Java-based full-stack development including REST APIs and UI integration.

TECHNICAL SKILLS

Programming Languages: Python (Basic), Java (Basic), C (Basic)

Frameworks & Libraries: React.js, Node.js, Express.js, Pandas, NumPy, Scikit-learn

Databases: MongoDB

Hardware / Embedded: Arduino UNO, Sensor Interfacing, PCB Basics, IoT Systems

Languages: English, Telugu, Hindi

CERTIFICATIONS & ACHIEVEMENTS

- Data Engineering — AICTE
- Creative Thinking — Infosys Springboard
- Design Thinking — Infosys Springboard
- Hackathon Participant — DIET Annual Hackathon 2025, Dadi Institute of Engineering and Technology
